Starbucks Store #05817 in Cypress celebrated their remodel in style with a ribbon cutting with City officials and local business leaders on Tuesday, October 11, 2011.

The Cypress Starbucks completed its remodel in September of this year. Highlights of the remodel include brand new furniture and art work throughout the entire store, removal of the center wall to create more space, upgraded the Barista work areas, and remodeled the order pick-up area to be more user friendly.

“This Starbucks location has been, and continues to be a great place for our residents to go relax, meet with friends, study for school work, and of course, grab a great cup of coffee,” said Mayor Leroy Mills. “I enjoy the friendly staff and the welcoming atmosphere that they create. I call this store my office away from home,” added the Mayor.
