

CITY OF CYPRESS

5275 Orange Avenue
Cypress, California 90630

APPLICATION REQUIREMENTS FOR TENTATIVE TRACT MAP

TENTATIVE TRACT MAP PREPARATION

1. Tentative maps shall be prepared by or under the direction of a registered Civil Engineer or a licensed land surveyor.
2. Each tentative map shall clearly show the details of the plan thereon. Whenever practicable, map sheets should be no less than 18" x 26". In no case shall the scale be less than one inch (1") to one hundred feet (100').
3. The Community Development Director, prior to accepting an application for any tentative map approval, shall determine the type of environmental impact statement to be required.
4. Tentative tract maps shall be prepared in accordance with the State of California Subdivision Map Act.

REQUIREMENTS

The attached completed application shall be accompanied by the following:

1. A minimum fee of **\$1,600.00** and actual cost thereafter, payable to the City of Cypress.
2. Environmental assessment fee. (City staff will prepare all necessary State required documents as a courtesy to the applicant.)

| | |
|--------------------------------------|---|
| Categorical Exemption | \$100.00 Minimum Fee/Actual Cost |
| Negative Declaration | \$350.00 Minimum Fee/Actual Cost |
| Mitigated Negative Declaration | \$600.00 Minimum Fee/Actual Cost |

3. Ten (10) full-size copies and one (1) 11" x 17" reduced copy of the tentative map clearly indicating the following information:
 - a. Tract number assigned by the County Surveyor.
 - b. The name, address, and phone number of the owner or owners whose property is proposed to be subdivided; and the name, address, and phone number of the registered civil engineer, licensed surveyor, architect or other person who prepared the map.
 - c. North point, scale, and date of preparation of the tentative map.
 - d. Boundary lines.
 - e. The locations, width, approximate grade, center line radii, and proposed names of all streets within the boundaries of proposed subdivision, and the location and width of proposed alleys and/or public service easements.
 - f. Name, location and width of each adjacent street.
 - g. Lot number, lot lines and dimensions of each lot, and drainage direction of each lot.
 - h. Approximate location and width of watercourses or areas subject to inundation from floods, and the location of structures, irrigation ditches, railroads and other permanent physical features.

- i. Description of the exterior boundaries of the subdivision or legal description of the property comprising the subdivisions.
- j. Width and location of all existing or proposed public or private easements.
- k. Classification of lots as to intended residential, commercial, industrial or other uses.
- l. Proposed location, direction of flow, and disposal point for storm drains and appurtenant structures.
- m. Proposed location, size, direction of flow, and disposal point for sanitary facilities.
- n. Contours, street profile and cross sections, together with the location of all cut and fill slopes or a separate tentative grading plan, if necessary in the opinion of the Director of Public Works.

Applications for any discretionary permit (Subdivision, CUP, Variance, Design Review, Staff Review, Zone Change, General Plan Amendment, etc.) are to provide ALL plans (Site Plans, Floor Plans and Elevations) on a CD in pdf format along with hard copy paper plans as listed above.

- 4. A 300-foot radius map containing all property owners within 300 feet of the exterior boundaries of the subject property.
- 5. **Two (2)** sets of gummed mailing labels, plus **two (2) copies** containing the names and addresses of all property owners located within 300 feet of the exterior boundaries of the subject property.
- 6. If the project is approved, a Notice of Determination for environmental impact is filed with the County Clerk along with your check made payable to the **County Clerk-Recorder** in the amount of \$2,044.00 for when a Negative Declaration will be filed, or \$2,839.25 for when an Environmental Impact Report was prepared and certified for Fish and Game Fees. If a Notice of Categorical Exemption or Certificate of Fee Exemption (de minimis impact finding on a Negative Declaration or Environmental Impact Report) is filed, the Fish and Game Fees are \$50.00. A 15-day appeal period commences for the project, during which time the applicant must return a signed Agreement to Conditions of the Tentative Tract Map as imposed by the City Council.

SUPPLEMENTAL INFORMATION

The tentative map shall show thereon or be accompanied by reports and written statements from the subdivider giving essential information regarding the following matters:

- 1. Source of water supply.
- 2. Type of street improvement and utilities which the subdivider proposes to install.
- 3. Protective covenants to be recorded.
- 4. Such other information as may be deemed necessary by the Public Works Director or Community Development Director.

ENVIRONMENTAL INFORMATION FORM

(To Be Completed By Applicant)

Date Filed _____

General Information

1. Name and address of developer or project sponsor: _____

2. Address of project: _____
Assessor's Block and Lot Number: _____
3. Name, address, and telephone number of person to be contacted concerning this project:

4. Indicate number of the permit application for the project to which this form pertains:

5. List and describe any other related permits and other public approvals required for this project, including those required by City, Regional, State, and Federal agencies:

6. Existing zoning district: _____
7. Proposed use of site (Project for which this form is filed): _____

Project Description

8. Site size:
9. Square footage.
10. Number of floors of construction.
11. Amount of off-street parking provided.

12. Attach plans.
13. Proposed scheduling.
14. Associated project.
15. Anticipated incremental development.
16. If residential, include the number of units, schedule of unit sizes, range of sale prices or rents, and type of household size expected.
17. If commercial, indicate the type, whether neighborhood, city or regionally oriented, square footage of sales area, and loading facilities.
18. If industrial, indicate type, estimated employment per shift, and loading facilities.
19. If institutional, indicate the major function, estimated employment per shift, estimated occupancy, loading facilities, and community benefits to be derived from the project.
20. If the project involves a variance, conditional use or rezoning application, state this and indicate clearly why the application is required.
21. If the project consists of new paved area, the expected percent change in pervious surface area of the site shall be indicated here.
22. If applicable, a Water Quality Management Plan (WQMP) shall be submitted with the development plans for the project.

Are the following items applicable to the project or its effects? Discuss below all items checked yes (attach additional sheets as necessary).

- | | <u>Yes</u> | <u>No</u> |
|--|--------------------------|--------------------------|
| 23. Change in existing features of any bays, tidelands, beaches, lakes or hills, or substantial alteration of ground contours. | <input type="checkbox"/> | <input type="checkbox"/> |
| 24. Change in scenic views or vistas from existing residential areas or public lands or roads. | <input type="checkbox"/> | <input type="checkbox"/> |
| 25. Change in pattern, scale or character of general area of project. | <input type="checkbox"/> | <input type="checkbox"/> |
| 26. Significant amounts of solid waste or litter. | <input type="checkbox"/> | <input type="checkbox"/> |

- | | <u>Yes</u> | <u>No</u> |
|---|--------------------------|--------------------------|
| 27. Change in dust, ash, smoke, fumes or odors in vicinity.. | <input type="checkbox"/> | <input type="checkbox"/> |
| 28. Change in ocean, bay, lake, stream, or ground water quality or quantity, or alteration of existing drainage patterns. | <input type="checkbox"/> | <input type="checkbox"/> |
| 29. Substantial change in existing noise or vibration levels in the vicinity. | <input type="checkbox"/> | <input type="checkbox"/> |
| 30. Site on filled land or on slope of ten percent (10%) or more. | <input type="checkbox"/> | <input type="checkbox"/> |
| 31. Use or disposal of potentially hazardous materials, such as toxic substances, flammables or explosives. | <input type="checkbox"/> | <input type="checkbox"/> |
| 32. Substantial change in demand for municipal services (police, fire, water, sewage, etc.) | <input type="checkbox"/> | <input type="checkbox"/> |
| 33. Substantially increase fossil fuel consumption (electricity, oil, natural gas, etc.) | <input type="checkbox"/> | <input type="checkbox"/> |
| 34. Relationship to a larger project or series of projects. | <input type="checkbox"/> | <input type="checkbox"/> |

Environmental Setting

35. Describe the project site as it exists before the project, including information on topography, soil stability, plants and animals, and any cultural, historical or scenic aspects. Describe any existing structures on the site, and the use of the structures. Attach photographs of the site. Snapshots or Polaroid photos will be accepted.
36. Describe the surrounding properties, including information on plants and animals and any cultural, historical or scenic aspects. Indicate the type of land use (residential, commercial, etc.), intensity of land use (single-family, apartment houses, shops, department stores, etc.), and scale of development (height frontage, setback, rear yard, etc.) Attach photographs of the vicinity. Snapshots or Polaroid photos will be accepted.

Certification

I hereby certify that the statements furnished above and in the attached exhibits present the data and information required for this initial evaluation to the best of my ability, and that the facts, statements, and information presented are true and correct to the best of my knowledge and belief.

NOTICE

**Effective October 5, 2009
Orange County Fire Authority Fee Schedule
Will Apply to the Following Planning Projects**

Please check with a City project planner to determine whether these additional fees will apply to your Planning application. Fees due to the Orange County Fire Authority should be paid by a separate check made payable to “*Orange County Fire Authority*,” and submitted along with your application to the City of Cypress.

| PROJECT TYPE | FEE |
|--|------------|
| Conditional Use Permit (C.U.P.), Design Review Committee (D.R.C.) or Preliminary Project Review (Code PR105) | \$352.00 |
| Residential site review, access review for single-family home larger than 3,600 sq. ft. (Code PR160) | \$575.00 |
| Parcel Map (Code PR110) | \$309.00 |
| Tentative Tract Map (Code PR110) | \$309.00 |
| Final Tract Map review (Code PR115) | \$352.00 |
| CEQA (Notice of Preparation, EIR, and other environmental documents) – Projects with potentially significant fire impacts (Code PR100) | \$223.00 |

City of Cypress Water Quality Checklist for New Development and Significant Redevelopment Projects

Project Name: _____

Project Location: _____

Project Description: _____

| Planning Priority Projects Subject to a WQMP | YES | NO |
|--|------------|-----------|
| 1. New development projects that create 10,000 square feet or more of impervious surface. This category includes commercial, industrial, residential housing subdivisions, mixed-use, and public projects on private or public property that falls under the planning and building authority or the Permittees. | | |
| 2. Automotive repair shops. This applies to facilities that are categorized in any one of the following Standard Industrial Classification (SIC) codes 5013, 5014, 5541, 7532-7534, and 7536-7539. | | |
| 3. Restaurants where the land area of development is 5,000 square feet or more including parking area. This category is defined as facilities that sell prepared foods and drinks for consumption, including stationary lunch counters and refreshment stands selling prepared foods and drinks for immediate consumption (SIC code 5812). | | |
| 4. Impervious surface of 2,500 square feet or more located within, directly adjacent to (within 200 feet), or discharging directly into receiving waters within Environmentally Sensitive Areas (ESAs). | | |
| 5. Parking lots 5,000 square feet or more including associated drive aisle, and potentially exposed to urban stormwater runoff. A parking lot is defined as a land area or facility for the temporary parking or storage of motor vehicles used personally, for business, or for commerce. | | |
| 6. Streets, roads, highways, and freeways. This category includes any paved surface that is 5,000 square feet or greater used for the transportation of automobiles, trucks, motorcycles, and other vehicles. (See discussion under (Section 7.II-1.5 relative to public projects). | | |
| 7. All significant redevelopment projects, where significant redevelopment is defined as the addition or replacement of 5,000 or more square feet of impervious surface on an already developed site. Redevelopment does not include routine maintenance activities that are conducted to maintain original line and grade, hydraulic capacity, original purpose of the facility, or emergency redevelopment activity required to protect public health and safety. If the redevelopment results in the addition or replacement of less than 50 percent of the impervious area on-site and the existing development was not subject to WQMP requirement, the numeric sizing criteria discussed in Section 7.II-2.0 only applies to the addition or replacement area. If the addition or replacement accounts for 50 percent or more of the impervious area, the Project WQMP requirements apply to the entire development. | | |
| 8. Retail Gasoline Outlets (RGOs). This category includes RGOs that meet the following criteria: (a) 5,000 square feet or more, or (b) a projected Average Daily Traffic (ADT) of 100 or more vehicles per day. | | |

All development projects which do not fall under one of the Priority Planning Projects identified above, and which require discretionary approval by the Cypress Planning Division, shall be required to complete a Non-Priority Water Quality Management Plan Checklist.

Planning Priority Project If any question is answered "YES", the project is a planning priority project subject to the Development Planning Program of the LIP and will require post development storm water quality mitigation, either WQMP or site-specific.

Planning Exempt Project If every question is answered "No", the project is exempt from the Development Planning program but must still submit the "Owner's Certification of Compliance with Minimum Requirements" and comply with construction requirements.

One Acre or Greater Project If the project is one acre or greater, the project is subject to the General Construction Permit, requiring a NOI, SWPPP and "Owner's Certification of Compliance.

"Best Management Practice (BMP)" means methods, measures, or practices designed and selected to reduce or eliminate the discharge of pollutants to surface waters from point and nonpoint source discharges including storm water. BMPs include structural and non structural controls, and operation and maintenance procedures, which can be applied before, during, and/or after pollution producing activities.

"Hillside" means property located in an area with known erosive soil conditions, where the development contemplates grading on any natural slope that is twenty-five percent (25%) or greater.

"Numerical Design Criteria – For information regarding numerical design criteria, refer to the 4th term Permit Technical Guidance Document, which can be found on the Orange County's Watershed website at: <http://www.ocwatersheds.com/>.

Redevelopment" means (a) land-disturbing activity that results in the creation, addition, or replacement of 5,000 square feet or more of impervious surface area on an already developed site. Where Redevelopment results in an alteration to **more than 50%** of impervious surfaces of a previously existing development, and the existing development was not subject to post development storm water quality control requirements, the entire project must be mitigated. Where Redevelopment results in an alteration to **less than 50%** of impervious surfaces of a previously existing development, and the existing development was not subject to post development storm water quality control requirements, the alteration must be mitigated, but not the entire development (b) Redevelopment does not include routine maintenance to maintain original line and grade, hydraulic capacity, or original purpose of a facility, nor does it include emergency construction activities required to immediately protect public health and safety.
