

Tony and Judi Adams

Cypress 90630

Mark Yokoyama
Chief of Police
Cypress CA

On Saturday November 7, 2009 at approximately 3:10 PM I called 911 as my husband had stopped breathing and was in cardiac arrest. I don't know who answered my call or the name of the officers who responded to the emergency, however, I am grateful for their quick response as I am sure that my husband is alive due to their efforts. Not only did they act in a professional manner their calm demeanor helped me to deal with the situation.

Please convey our heartfelt thanks to those involved. You should be proud of the individuals in your department.

We have lived in Cypress for 35 years and hope to enjoy many more years here because of the hard work of your officers.

Sincerely,

Judi Adams
